THE OLD VIEW

The demo dazzled.

The pilot stalled.

The board asked for the number.

1 2 3

The old view counted demos and pilots. Novelty, not readiness.

THREE TESTS

TEST 1 - ENGINEERED

A team can ship it, run it, and roll it back at 2 a.m.

1 2 3

Test one. Engineered. A team can ship it, run it, and roll it back.

TEST 2 - GOVERNED

An owner and an audit trail. Controls that hold under audit.

1 2 3

Test two. Governed. An owner and an audit trail, controls that hold under audit.

THREE TESTS

JUDGED ON THE MODEL

AN OPERATING MODEL

1 2 3

Three tests, one question. Is it ready, or is it only new?

THREE TESTS

JUDGED ON THE MODEL

AN OPERATING MODEL

JUDGED ON THE DEMO

A PILOT GRAVEYARD

1 2 3

Judged on the model, it is an operating model. Judged on the demo, a pilot graveyard.

Banks already fund platforms this way. Emerging technology deserves the same discipline.

Emerging technology earns its place when it is engineered, governed, and bankable.
