SIX SIGNALS. ONE QUESTION: WHO OWNS THE PLATFORM?

1 2 3

Six signals crossed the threshold today. Platform modernization leads them.

Miten Mehta - Chief AI Officer

Every bank has an AI roadmap.
Few have a platform that can carry it.

THE OLD VIEW

A pilot on a legacy core.

1 2 3

The old view bolted AI onto a legacy core. A pilot, a demo, and a second budget to rebuild.

ONE PLATFORM

TEST 1 - DATA THE MODEL CAN TRUST

Governed master data, lineage known, before anything ships to a customer.

1 2 3

Test one. Data the model can trust. Governed master data, lineage known before anything ships.

ONE PLATFORM

TEST 3 - GOVERNANCE INSIDE THE PLATFORM

Evaluation, risk and audit where the work runs, not in a sidecar report.

1 2 3

Test three. Governance inside the platform. Evaluation, risk and audit where the work runs.

ONE PLATFORM

MEASURED ON ONE PLATFORM

AN OPERATING MODEL

MEASURED ON PILOTS

A SECOND BUDGET

1 2 3

Measured on one platform, it is an operating model. Measured on pilots, it is a second budget.
